

Average wall mounted battery price per 3MW in Australia

How much does a Powerwall battery cost?

This cost is about \$1,140 per kilowatt-hour(kWh) of storage, positioning the Powerwall 3 as one of the most affordable and efficient home battery solutions. However, you can expand your system with a Powerwall Expansion Unit for around \$5,900 each.

Are Tesla Powerwall batteries available in Australia?

The Tesla Powerwall 2 and 3 batteries are available in Australia. Both batteries can store up to 13.5kWh of electricity and come with a 10-year warranty. Tesla's Powerwall 3 battery hit Australian shores in August 2024; it comes with a built-in inverter and has the same capacity as the original Powerwall unit.

How much does a Tesla Powerwall 3 cost in Australia?

Australian pricing for the Tesla Powerwall 3 unit starts at \$11,900 which includes the 13.5 kWh battery and integrated inverter. This price does not include the compulsory Tesla Backup Gateway unit which costs an additional \$1,700, nor the cost of installation. *These costs do not include delivery, installation, and other costs and fees.

Is Tesla Powerwall 3 a good battery?

The Tesla Powerwall 3 is a high-quality, versatile home battery. It is a great value unit that can provide backup power. It is one of the best batteries available in Australia. Although, there are many good alternatives to the Powerwall 3 available in Australia. For existing solar panel owners, it is an even more compelling option.

Are batteries worth it in Australia?

We've been tracking the financial return of batteries in Australia for over a decade and regularly update our analysis of whether batteries are worth it. At the midway point of 2025 was a key turning point in this equation as the federal battery rebate was introduced which offers a discount of around 30% for a typical 10kWh battery.

Can a Powerwall 3 be added to a Powerwall 2 battery?

Note: The Powerwall 3 cannot be added to a system with a Powerwall 2 battery. Most solar batteries last 10 years and the Powerwall 3 is no different. Tesla provides a 10-year warranty on the battery. The federal government solar battery rebate has dramatically reduced the price of new home batteries.

12 · Explore Tesla Powerwall 3 in Australia. Learn cost, installation, benefits & energy savings. Get the best home battery system in 2025 today!
