

How many GWh of storage capacity will NW have in 2025?

This amount will enable the Group to operate more than 2 GWh of storage capacity in France and Finland by the end of 2025. Complementing the equity financing of EUR300 million to be raised in 2022, this financing by two leading institutions confirms the solidity of NW's business model in France and, for the first time, internationally.

How many energy storage financing and investment deals were completed in 2024?

Through the first three quarters of 2024, 83 energy storage financing and investment deals were reported completed for a total of \$17.6 billion invested. Of these transactions, 18 were M&A transactions, up from 11 transactions during the same period in 2023.

Will energy storage growth continue through 2025?

With developers continuing to add new capacity, including 9.2 GW of new lithium-ion battery storage capacity in 2024 through November 2024 and comparable levels of growth expected through the fourth quarter of 2024, energy storage investments and M&A activity are expected to continue this trajectory through 2025.

How much non-recourse financing has NW secured for its storage projects?

NW has secured EUR430 million non-recourse financing for its storage projects in France and Finland.

How did the inflation reduction act of 2022 affect energy storage?

Enactment of the Inflation Reduction Act of 2022 (IRA), which contains significant incentives for energy storage, including availability of the investment tax credit and new manufacturing credits, stimulated much of the expansion.

Will energy storage grow in 2024?

The energy storage sector maintained its upward trajectory in 2024, with estimates indicating that global energy storage installations rose by more than 75%, measured by megawatt-hours (MWh), year-over-year in 2024 and are expected to go beyond the terawatt-hour mark before 2030.

NW has announced that it has secured EUR430 million in non-recourse bank financing from international banks Santander CIB and Rabobank. This amount will enable the ...
