

# Mobile ESS unit tender price in Poland 2026

Who will supply ESS batteries in Poland?

The contractor on the project will be LG Energy Solution Wrocław. The Polish unit of the Korean battery maker won the project tender offering the price of PLN 1.555 billion (\$384 million). On Monday, LG Energy Solution confirmed that it had signed an agreement with PGE to supply 981MWh of grid-scale ESS batteries between 2026 and 2027.

Will PGE supply ESS batteries in 2026?

On Monday, LG Energy Solution confirmed that it had signed an agreement with PGE to supply 981MWh of grid-scale ESS batteries between 2026 and 2027. It also noted that the project will be supplied with locally manufactured grid-scale lithium iron phosphate batteries at LG Energy Solution's production facility in Poland.

How much is LG Energy Solution's ESS contract worth?

The contract is worth several trillion Korean won and marks the company's first supply of Europe-manufactured LFP batteries dedicated to ESS applications. To ensure maximum efficiency of the ESS system, LG Energy Solution is offering a turnkey solution, developed in partnership with European collaborators.

How many BESS market units won the 2024 auction?

Even more surprising was their performance in the December 2024 auction: out of the 245 Market Units that won the main auction for the 2029 delivery year, 82 were identified as BESS.

What is PGE's ESS project?

PGE's project involves building a 1GWh ESS facility in the Żarnowiec area of northern Poland, with the goal of beginning commercial operations in 2027. The initiative is designed to improve grid stability and support the expansion of renewable energy sources in the region.
