What is a Solar Generator? Generally, solar generators contain a battery, an inverter, and multiple outlets, and they usually are capable of being powered very efficiently with solar panels. For the user's convenience, they typically offer USB-A ports, USB-C ports, car cigarette lighter ports, and AC outlets that users can directly plug into, and charge their devices.

Jackery's silent generators and solar solutions provide reliable, eco-friendly power for outdoor adventures. Enjoy peace and quiet with portable power that lets you stay charged and comfortable in nature. Choose from models like the Solar Generator 1000 Plus for versatile, sustainable outdoor energy.
