

Rooftop solar battery EPC turnkey quotation per 800kW 2025

Why should you choose total solar for your EPC project?

Total Solar is equally active in the development of EPC projects. We ensure that the solar panel system is designed, inspected, and then constructed so that it can harvest the maximum amount of electricity for the respective application.

Who is EPC solar?

Providing innovative and cutting-edge technology in renewable and solar energy, EPC Solar leads the industry. EPC Turnkey stands for "Engineering, Procurement, and Construction" service that offers a single source of responsibility for the entire process of design, procurement, construction, commissioning, and start-up of a project.

Are roof-mounted solar panels a good choice?

Roof-mounted solar is an attractive choice for many homeowners. The panels can easily blend into the roofline, and they are especially suitable if you do not have a lot of free space on the ground. Plus, with quality DIY solar panel kits coming with 25 years warranty, you can be sure your investment will last for years to come.

KREDL is the Nodal Agency for facilitating and implementing the Renewable Energy projects in Karnataka. Short Term RFP is published and Bids are invited for selection of Engineering, ...

We offer turnkey EPC solutions that may also be used for the development of alternative energy sources, such as solar and wind power. Total Solar is equally active in the development of EPC projects.
