

Solar Panel Rooftop Contract

With a solar power purchase agreement (solar PPA), you contract with a solar developer that pays for, installs, and maintains a solar system on your property. The system could include ground-mounted, rooftop, or carport solar panels (or any combination thereof), and it could include an energy storage system.

A solar power purchase agreement is a financing arrangement that allows businesses, government agencies and educational institutions to purchase solar electricity with no upfront capital cost. You rent your roof and buy the discounted solar electricity rather than investing in a solar PV system of your own.

Whether or not you should sign a solar lease contract depends heavily on your specific financial circumstances, but generally speaking it's a better financial decision to take out a solar loan if you don't have the cash to ...
