

Standalone energy storage tender price in Portugal 2025

How much will Portugal spend on energy storage projects in 2025?

Portugal's Ministry of Energy has announced that it has allocated EUR100 million (\$104.2 million) to 43 energy storage projects which should be installed by the end of 2025. A total of 79 applications were vying for grant support secured under the country's Recovery and Resilience Plan (RRP).

What does Portugal's energy storage tender mean for the energy transition?

Portugal's government has announced the outcome of an energy storage tender that will see the installation of 500 MW of energy storage capacity to support the country's energy transition. Energy storage battery. Photo by Anna Vasileva

How can Portugal achieve 80% renewable electricity by 2026 & 85% by 2030?

This initiative supports Portugal's goal of 80% renewable electricity by 2026 and 85% by 2030. In 2024, renewable energy contributed 71% to Portugal's electricity, marking a record 36.7 TWh. The energy storage projects will help stabilize the electricity grid and contribute to a greener, more sustainable energy transition.

What is Portugal's power generation capacity?

Power generation capacity is around 22GW. Minister of Environment and Energy Maria da Graça Carvalho said: "This is a significant step towards Portugal's energy independence and towards building a greener and more sustainable energy future."

Will energy storage projects help stabilize the electricity grid?

The energy storage projects will help stabilize the electricity grid and contribute to a greener, more sustainable energy transition. Portugal's Ministry of Energy has allocated EUR100 million to support 43 energy storage projects, scheduled for completion by the end of 2025.

Is there a Bess project in Portugal?

Grid-scale BESS projects have been relatively limited in Portugal to date, although utility Iberdrola did bring online a huge, 40GWh pumped hydro energy storage (PHES) project there in 2022. This isn't just another summit - it's our biggest and most exhilarating Summit yet!

Standalone Energy Storage Systems (ESS) are becoming the backbone of India's utility-scale ESS auctions, accounting for 64% of the total tenders issued between ...

The Portuguese Ministry of Energy has allocated EUR99.75 million (\$107.6 million) for grid flexibility and energy storage projects which should be installed by the end of 2025.

Greece's latest auction has awarded subsidies to 188.9 MW of standalone, front-of-the-meter, utility-scale

Standalone energy storage tender price in Portugal 2025

battery energy storage. The auction was the third and final edition of ...

The Standalone Energy Storage Market in India is rapidly growing, with 6.1 GW of tenders issued in Q1 2025, accounting for 64% of total utility-scale energy storage activities. Despite ...

Solar Energy Corporation of India Ltd. (SECI) has issued a Request for Selection (RfS) Document for setting up a 125 MW/500 MWh standalone Battery Energy ...

This tender is from the country of India in Asian region. The tender was published by Rajasthan Floats on 14 Aug 2025 for 500 MW/2,000 MWh standalone battery energy storage systems ...

Polish renewables company R.Power is looking to develop 680 MW of standalone battery energy storage system (BESS) projects in Portugal in support of the ...

A total of 43 projects were selected from 79 applications in Portugal's 2025 energy storage procurement. This included six projects from Spain's Iberdrola, which secured ...

The Gujarat Urja Vikas Nigam Limited (GUVNL) has issued a Request for Selection (RfS) for the development of 500 MW/1000 MWh standalone Battery Energy Storage Systems (BESS) under Phase VI of its ...

Standalone Energy Storage Systems (ESS) are rapidly emerging as a key market, with 6.1 gigawatts of tenders issued in the first quarter of 2025 alone, accounting for 64% of the total utility-scale energy storage ...

The Vidyut Vyapar Nigam power trading arm of Indian utility the National thermal Power Company (NTPC) has invited proposals from developers to set up transmission system ...

Sarala Project Works, Oriana Power, and Pace Digitek are winners in Karnataka Power Transmission Corporation's (KPTCL) auction to set up 500 MW/1,000 MWh grid ...

The country's Ministry of Environment and Energy has launched a competition for EUR99.75 million (US\$107 million) for grid-scale energy storage projects at the transmission and distributed-scale.

A fracturing of exchange prices reaffirms the need for Energy Storage Systems In May"25, power exchanges observed an unprecedented market bifurcation: spot prices for electricity during ...

Bondada Engineering, Pace Digitek and TrueRE-Oriana Power have emerged winners in Telangana Power Generation Corp's tender for 250 MW/500 MWh standalone battery energy storage with viability gap funding.

Portugal's government has announced the outcome of an energy storage tender that will see the
