

Turnkey factory solar storage EPC contract price in Iran

Will EPC contracts provide for the handover of a solar facility?

EPC Contracts will not provide for the handover of the solar facility to the Project Company, and the PPA will not become effective until all commissioning and reliability trialling has been successfully completed.

Should you choose an EPC contract for a solar project?

Given the significant monetary value of EPC Contracts, and the potential adverse consequences if problems occur during construction, the lowest price should not be the only factor used when selecting a Contractor. As noted earlier, an EPC Contract is one of a suite of agreements necessary to develop a solar project.

Why should a project company invest in a solar facility?

o Performance guarantees: The Project Company's revenue will be earned through the operation of the solar facility. Therefore, it is vital that the solar facility performs as required in terms of output, efficiency and reliability.
