

What plants can be placed in the living room storage cabinet

What are the best indoor plants for the living room?

There are plants in different sizes, shapes, and colors. From aesthetically pleasing plants to ones that would fit nicely in a corner or on a small table or trailing ones that would look stunning hanging from a window, these are the best indoor plants for the living room. Dieffenbachia has gorgeous variegated leaves that look silver in the middle.

What houseplants go well with a living room?

This versatile houseplant goes with every style of decor with its towering height, large scalloped leaves, and strong red-brown branches, giving your living room a grandeur like no other houseplants! Check out our article on growing fiddle leaf fig indoors here. 2. Peace Lily Botanical Name: *Spathiphyllum wallisii*

Where should I put plants in my living room?

1. In A Corner on The Floor Large plants are often low maintenance and make great statement pieces. Try placing a large potted ornamental plant on the ground by the sofa, a window, or in an awkward corner. Everyone has that one awkward corner in their living room where a larger piece of furniture just doesn't fit.

Should you put plants on a shelf?

Placing plants on a shelf helps to maximize your space and aims to create a more welcoming environment. Putting plants on shelves also helps to create a visually appealing center point, adding to the design aesthetic. You should also remember to place trailing plants or a spider plant at the top of your shelf to give them enough room to grow.

How do I choose a plant for my shelf space?

There are a few things that you need to consider when choosing a plant for your shelf space: size, growth habit, and most importantly, lighting. Unless your shelf is placed directly in front of a bright sunny window, choosing plants that grow well in low to medium light is usually best.

What cactus can be used in a living room?

The tropical green fronds of the bamboo palm can add a lot of character to your living room. Just protect the plant from cold drafts and mist regularly. 53. Candelabra Cactus This sprawling cactus is great for living room corners and looks great with its funnel-shaped flowers in an ivory hue. It can grow up to 6-10 feet tall. 54. Olive Tree
