Contact Solar, a solar panel company that provides and installs commercial and residential solar PV panels UK & battery storage systems. T: 0800 201 4527. T: 01257 443 377. E: [email protected] Facebook-square Twitter. Solar panel ...

The company's product portfolio includes a range of MonoPERC, Bifacial & N-TopCon solar modules which are designed for various applications, including residential, commercial, and utility-scale solar projects. Since its inception, the company has supplied more than 500+ High-efficiency Solar PV modules across domestic and international markets.

Under typical UK conditions, 1m<sup>2</sup> of PV panel will produce around 100kWh electricity per year, so it would take around 2.5 years to "pay back" the energy cost of the panel. PV panels have an expected life of least 25 to 30 years, so even under UK conditions a PV panel will generate many times more energy than was needed to manufacture it.

It is the first PV panel production unit in the country. Serbia is recording a large increase in demand for solar panels for self-consumption. Since the country adopted the legal framework early last year enabling electricity buyers to become prosumers, their number exceeded 2,700 and the installed capacity topped 37 MW.
